Professional Summary:

Motivated Computer Engineering student seeking internship opportunities in software development. Skilled in Java, Python, JavaScript, Flutter, and modern web technologies. Strong interest in AI development and scalable application design. Quick learner with problem-solving mindset and hands-on project experience.

Skills:

- **Primary Skills:** Java, Python, JavaScript, HTML, CSS with a working understanding of Artificial Intelligence concepts and tools.
- **Secondary Skills:** Flutter, C, MySQL, Firebase, MongoDB

Projects: GitHub: <https://github.com/Darshaannn?tab=repositories>

Tiffinity – Flutter, Dart, Firebase

- Mobile app for homemade food ordering
- Built user interface with seamless navigation and Firebase authentication
- Enabled menu browsing, order booking, and real-time tracking
- Followed modular architecture for clean and scalable code

IMDB Sentiment Review Analysis – Python

- Sentiment classification using TensorFlow/Keras
- Preprocessing pipeline with batching and dataset splitting
- Trained lightweight neural model using transfer learning
- Real-time inference system for live predictions

AI Dementia Screening Assistant – Python & Web (Ongoing)

- AI tool to detect early-stage dementia via speech and cognitive tasks
- Multi-modal ML with open medical datasets for screening & risk scoring
- Designed multilingual, mobile-friendly, privacy-focused system
- Implemented explainable AI for transparency and trust

Education:

- | | |
|---|------------------------|
| • Government Polytechnic Mumbai | 2023 - Ongoing |
| Diploma in Computer Engineering | Aggregate: 87% |
| • Gopal Sharma International School, Mumbai | 2023 |
| ICSE 10 th | Percentage: 92% |
